TRY A. M. C. PERFECT FLOUR.

ROLLED OATS.—A great favorite among the oat preparations, and is relished at thousands upon thousands of our breakfast tables. It has a creamy and delicate taste, and is so quickly prepared for the table, that it is with pardonable pride we commend the A. M. C. brand to you.

OAT MEAL.—All sections considered, is the most widely known of any article manufactured from oats, and for this very reason, the art of cheapening the cost a few cents per barrel as a catch trade is closely studied. Our brand on a package is a guarantee of *superior* quality, being all thoroughly *pan-roasted* to a delicate brown color, and does not have a particle of the bitter taste which inferior goods possess.

OAT FARINA.—An entirely new article, manufactured only by ourselves, and is by many thought to be a superior oat preparation for the breakfast table and for other uses. Cooks quickly, and is delicious for children.

FARINA.—The A. M. C. Allen's, the fine sweet Germ of White Wheat, ours stands on the high round of the ladder of fame in respect to quality.

GRAHAM FARINA.—A new article manufactured only by ourselves, is used the same as Wheat Farina, and as a change makes numerous delightful dishes. It contains many of the glutinous qualities of extensively advertised baby foods.

GRAIN OF GOLD.—The beau ideal of the Millers and Housekeepers. This preparation of Corn cannot fail to please the most fastidious; every grain is distinct, needs no sifting.

CRACKED, ROLLED AND PEARLED WHEAT.—Each maintaining certain peculiarities of flavor and cooking qualities, one for some purposes being preferable to others, but all with the brand A. M. C. being of the choicest varieties of Farinaceous Foods.

PEARLED HOMINY AND HOMINY GRITS.—Are so well known as to make description not necessary, so we but call attention to the brand A. M. C. Perfect Cereals on the corner of the package, which is a guarantee that you will get the freshest and best.

PEARLED AND ROLLED BARLEY.—For fine soups we commend these goods to all that desire something for flavoring and at the same time nutritious, and also for Puddings—the favorites are the A. M. C.'s.
