**No paraffin needed! Just pour hot jelly into the jars—then screw on Ball Dome Lids for a perfect seal.**

## **SIMPLER-FASTER!**

Just pour hot jelly or jam into Ball 'Can or Freez' Jars. *No paraffin needed.* Screw on the Ball Dome Lid—and you have an *air-tight, leakproof seal.*

## **BETTER-SURER!**

Ball Dome Lids are *oozeproof*—seal so well you can turn jars upside down and shake as they cool to prevent "fruit float." Jams and jellies *stay* sealed. You can even stack the jars to save space.

## **SAFER-NEATER!**

Eliminates danger of melting and pouring hot paraffin. No fuss, no muss—no cleaning up melted paraffin. Jelly looks so nice in Ball 'Can or Freez' Jars.

***Cream-white enamel lining stays  
as clean and sanitary  
as the day you put  
Ball Dome Lids on!***

#### THRIFTIER!

You'll use them over and over again—year 'round. For jam, for jellies, for pickles—for relish, for freezing, for canning. You need *fewer* jars—because they're hardly ever empty! No need to buy freezing containers every season!

#### NO THAWING

Straight, tapered sides with no shoulders let frozen foods slide right out without thawing, chopping, waiting. Food goes from freezer to bowl or pan in just seconds. Unique shape prevents breakage from expansion during freezing.

#### SAFER!

No more "freezer burn" or dehydration of your frozen foods—because 'Can or Freez' Jars are sealed airtight with enamel-lined Ball Dome Lids which come with the jars. Leakproof seal prevents oozing of sticky syrups. Pure glass jars add no taste of their own... and airtight seal prevents absorption of odors!

#### SIMPLER, EASIER!

No boxes to fold... no bags to hold! Ball 'Can or Freez' Jars stand right up to the job—and let you feed their big, wide mouths! Easy to fill... easy to empty even when it's whole fruits or vegetables. And you can get your hand into them for washing!
